

AZ[®], la cloison référence AZ[®], the Reference Partition

Créée il y a plus de 20 ans, la cloison AZ[®] reste le concept incontournable pour les aménagements d'espaces tertiaires. Conçue pour être facilement mise en œuvre, elle apporte des solutions à tous les intervenants : concepteur, aménageur d'espace, utilisateur... Toujours en évolution, le concept s'enrichit d'applications au design tendance et de solutions originales dans le domaine de la domotique.

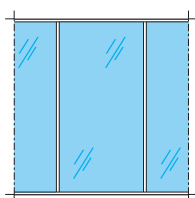

The AZ[®] partition was created more than 20 years ago and is still the undisputed standard for the division of tertiary spaces. It has been designed for easy installation and offers solutions to everyone from designers and installators to the final user. The ever evolving system has been augmented with vogueish applications and original solutions from the field of automation.
